About the Workshop

Since 2005, CMS has collected nearly \$440 million in improper Medicare payments as a result of its 3-year Recovery Audit Contractors

(RACs) demonstration program. Pursuant to a congressional mandate, a permanent RAC program has been implemented nationwide. With so much money and possible False Claims litigation at stake, providers must be prepared to respond to RAC audits. Shipman & Goodwin's Health Law Practice Group would like to help. At our seminar, we will discuss the following issues:

1. CMS RAC Program – What You Need to Know

- Preserving your rights for appeal and important timelines
- RAC's audit authority
- Provider response strategies

2. RAC Audit Case Studies

- Outpatient reviews
- Inpatient reviews
- Medical necessity reviews
- Automated reviews

3. Creating an Infrastructure to Respond to RAC Audits

- Securing the team
- Processing the RAC requests
- Preparing the Response
- Pursuing Appeals - Level 1 - Level 5

4. Prospectively Minimizing Your Risk Under RAC Audits
